Experience

Independent / Angel Investor

May 2025 – Present

Advise founders on product strategy, user experience, and early-stage design systems for AI-powered products.

Provide design consulting for services in sports analytics and startup coaching, helping teams translate AI capabilities into intuitive user experiences.

Remitly / Senior Product Designer

April 2022 – June 2025, Seattle, WA (Hybrid)

Redesigned stalled money transfer flows impacting 30% of transactions—improving clarity, reducing support tickets, and increasing successful completions.

Created a recipient-first quick-send experience that increased transfer completion rates and lifted profit per user by 0.55% (~\$3.4M annually).

Led the design and rollout of onboarding and money-in flows for Remitly Circle, a global digital wallet, helping 52K+ customers adopt the new store-of-value product.

Delivered a cash deposit feature for Passbook, a digital wallet product by Remitly, enabling \$8M+ in remittance volume from 50K+ users.

Streamlined user recovery for failed transfers through guided self-service, reducing abandonment and improving trust.

Amplitude / Senior Product Designer

April 2021 – January 2022, Remote

Unified Iteratively tracking plan and CLI with Amplitude Govern post-acquisition, driving a 68% 30-day retention rate among new users.

Spearheaded the end-to-end redesign of Iteratively's core platform as the first design hire, improving usability and identifying new product opportunities through early discovery.

Iteratively (Acquired by Amplitude) / Senior Product Designer

March 2021 – April 2021, Remote

Spearheaded the end-to-end redesign of Iteratively's core platform as the first design hire, improving usability and surfacing new product opportunities through early discovery

Capital One / Principal UX Designer

May 2020 – March 2021, Richmond, VA

Designed a Salesforce-based lead management tool that increased personalization and boosted auto loan conversions.

Mapped customer journeys to uncover pain points and inform roadmap priorities across sales and servicing experiences.

CarMax / Product Designer

December 2017 – May 2020, Richmond, VA

Created a financing transparency tool that improved customer trust and lifted sales conversion by 7%.

Designed a nationwide 360° vehicle view experience, increasing lead submissions by 15%.

Led discovery workshops aligning customer insights with quarterly planning goals, contributing to CarMax's omni-channel shopping rollout.
